Proclamation

Arbor- Earth Day

WHEREAS, in 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees, and

WHEREAS, this holiday called Arbor Day was first observed with the planting of more than a million trees in Nebraska, and

WHEREAS, Arbor Day is not observed throughout the nation and the world, and

WHEREAS, trees can reduce the erosion of our precious topsoil by the wind and water, cut heating and cooling costs, moderate the temperature, clean the air, produce oxygen and provide habitat for wildlife, and

WHEREAS, trees are a renewable resource giving us paper, wood for our homes, fuel for our fires and countless other wood products, and

WHEREAS, trees in our city increase property values, enhance the economic vitality of business areas and beautify our community, and

WHEREAS, trees wherever they are planted, are a source of joy and spiritual renewal,

I urge all citizens to celebrate Arbor Day and to support efforts to protect our trees and woodlands. Further, I urge all citizens to plant trees to gladden the heart and promote the well-being of this and future generations.

NOW THEREFORE, FOR THESE SIGNIFICANT REASONS, I, Matt Hall, Mayor of the City of Cody, Wyoming, do hereby proclaim Friday, April 28, 2023 as Arbor – Earth Day in Cody, Wyoming.

# AGENDA ITEM SUMMARY REPORT WAM-JPIC Board of Directors Election

# **ACTION TO BE TAKEN:**

Re-Elect to the WAM-JPIC Board of Directors Kelley Millar Clerk/Treasurer Town of Upton, Tony Cross HR Jackson Hole Airport and Elect Torey Racines, General Counsel LGLP Representative, for three year terms.

# **SUMMARY OF INFORMATION:**

The City of Cody is a member of the Wyoming Association of Municipalities Joint Powers Insurance Coverage Board and there are three board positions that will be up for re-election as of April 30, 2023. The Governing Body has been asked to vote on those nominated to fill the vacancies on the board. I have served on this board going on 10 years, of which I have been the Chairperson and it is my recommendation that the City of Cody re-elect to the board members whose terms are expiring and currently serve on the board and I have visited with each of them and they are all willing to serve for another term. I also would recommend that this board continue to have a representative from LGLP, and in this case Torey Racines if elected would be replacing Mike Todd (who is retiring from LGLP). This representation from this board, in the past has brought comments, concerns and recommendations utilizing his/her knowledge with working with claims.

The WAM-JPIC Board of Directors is a very fiscally minded group who makes smart, but difficult decisions regarding the rate structure and benefits of our health insurance program. We normally have between 9 to 12 months of reserves to pay claims which are very good considering how unpredictable health care costs can be.

FISCAL IMPACT No direct fiscal impact.

# AGENDA ITEM SUMMARY REPORT

# <u>Subdivision Variance to allow issuance of Building Permits for Two Houses on</u> Lot 1 of the Leonhardt Addition prior to Completion of the Subdivision Utility <u>Improvements</u>

## **ACTIONS TO BE TAKEN**

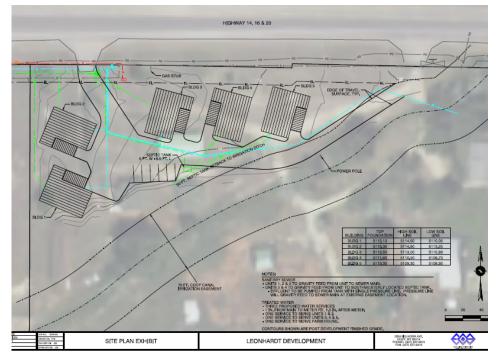

Approve a subdivision variance to allow issuance of building permits for two houses on Lot 1 of the Leonhardt Addition prior to completion and acceptance of the subdivision utility improvements, subject to conditions. (A variance related to timing.)

## **SUMMARY**

Tim and Gina Leonhardt annexed this property into the City last fall and have been working on obtaining engineering approval from Public Works and Wyoming DEQ for installation of the utilities. For numerous reasons, that process has taken much longer than anticipated. The Leonhardts have submitted the utility plans (actually resubmitted) to WY DEQ, with Public Work's approval, and await WY DEQ approval so they can finally have the water and sewer lines installed to the property. They anticipate WY DEQ approval any day, and have their utility contractor lined up to start work May 1st.

However, the concrete contractor that would do the first two house foundations scheduled them long ago for mid-April and apparently would have to significantly delay the work to well until after the utility work is completed if they cannot do the work in mid-April as scheduled. That would jeopardize the ability to construct the houses this year.

As the houses are being constructed for the developer, and only the developer's contactors will be on site, all risk associated with constructing the foundations and houses before

the utility work is completed is entirely with the developer, who is also the property owner. As the City Council has allowed in recent similar situations, staff is agreeable to recommend that the building permits be released for the two houses prior to the completion of the subdivision utility infrastructure, on the conditions that:

# AGENDA ITEM NO.

- 1. The utility plans must be approved by WY DEQ before construction goes beyond the foundation stage.
- 2. No certificates of occupancy shall be issued until all utilities are completed and signed off as acceptable.
- 3. Access is to be restricted to the owner's contractors until the subdivision infrastructure is competed and accepted by the City of Cody.
- 4. The property is not to be sold or transferred, until these conditions are completed.

# **RECOMMENDATION:**

Grant a subdivision variance to allow issuance of building permits for two houses on Lot 1 of the Leonhardt Addition prior to completion of the subdivision utility improvements, subject to the following conditions:

- 1. The utility plans must be approved by WY DEQ before the house construction goes beyond the foundation stage.
- 2. No certificates of occupancy are to be issued until all utilities are completed and signed off as acceptable.
- 3. Access is to be restricted to the owner's contractors until the subdivision utility infrastructure is completed and accepted by the City of Cody.
- 4. The property is not to be sold or transferred, until these conditions are completed.

# AGENDA ITEM SUMMARY REPORT Authorize the Abandonment of a "10' irrigation waste water drainage easement" on Lot 2 of Lot 61-2 Plantain Addition

## **ACTIONS TO BE TAKEN**

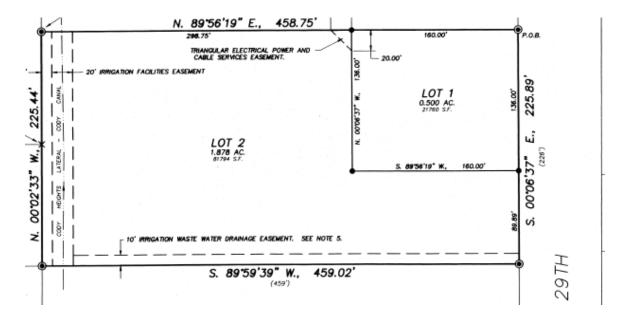

Authorize the Abandonment of a "10' irrigation waste water drainage easement" on Lot 2 of Lot 61-2 Plantain addition.

# **SUMMARY**

A 10' irrigation waste water drainage easement was established on Lot 2 of Lot 61-2 Plantain Addition through the subdivision process for the purpose of accepting irrigation waste water drainage from the property to the south. Now that the property to the south has been divided into the Mountainview 29 Subdivision and all surface water rights transferred away from that property, the easement is no longer necessary, as the flood irrigation that historically occurred will occur no longer. The property owner to the south has provided the attached document releasing any interest in the easement and declaring it null and void. However, as the easement was established thorough the platting process, staff believes it prudent to also have the governing body acknowledge and authorize the abandonment of the waste water drainage easement. A motion to do so is requested.

# AGENDA ITEM NO.

The Note 5 referenced on the map is as follows.

5. THE 10' IRRIGATION WASTE WATER DRAINAGE EASEMENT ALONG THE SOUTHERLY ADDITION BOUNDARY IS FOR THE SOLE BENEFIT OF THE OWNER OF THE ADJOINING 5.35 ACRES PORTION OF SAID LOT 61-2, AND FOR THE SOLE USE OF DRAINING FLOOD IRRIGATION WASTE WATER. THE EASEMENT IS NON-EXCLUSIVE; HOWEVER, OTHER LAND USES SHALL NOT INTERFERE WITH ACCESS TO OR OPERATION AND MAINTENANCE OF SAID DRAINAGE WAY. CHANGE OF USE OF THE SURFACE WATER APPROPRIATION ON SAID 5.35 ACRES OR CHANGE OF APPLICATION FROM FLOODING TO ANOTHER METHOD MAY AFFECT RIGHTS TO THE USE OF THIS EASEMENT BY SAID OWNER, ASSIGNS AND HEIRS IN ACCORDANCE WITH WYOMING STATUTES.

The changes contemplated by the note have occurred.

## **RECOMMENDATION:**

Authorize the abandonment of the 10' irrigation waste water drainage easement shown on Lot 2 of the Lot 61-2 Plantain Addition plat.

Dear Ms. Bovee,

The City of Cody was awarded a grant in the amount of \$17,640 for the Cody Public Art Mural Project.

The City's Cody Public Arts Committee has been working with a consultant to develop a sustainable public arts process for the City of Cody. # AGENDA ITEM SUMMARY REPORT Resolution 2023-04 Disencumberment of ARPA Funds

#### ACTION TO BE TAKEN:

Approve Resolution 2023-04 to disencumber American Rescue Plan funds in the amount of \$160,000.

#### **SUMMARY OF INFORMATION:**

In June 2022, the City Council passed Resolution 2022-17 encumbering funds from the American Rescue Plan for the purpose of replacing the boilers at the Recreation Center.

The boilers were recently evaluated by a contractor and they determined that the boilers are in good condition and do not need to be replaced. The contractor did recommend replacing the burners with more energy efficient units and Mike Fink is checking into costs for that replacement.

Since the previously encumbered amount is no longer needed for this project, staff recommends that the funds be disencumbered to make them available for other uses upon approval by the City Council.

#### FISCAL IMPACT

With this adjustment, the remaining unencumbered funds in the American Rescue Plan is \$200,309.

# AGENDA ITEM SUMMARY REPORT Resolution 2023-05 Budget Amendment

# **ACTION TO BE TAKEN:**

Approve Resolution 2023-05 amending the FY22-23 budget.

# **SUMMARY OF INFORMATION:**

The budget is an estimate of anticipated revenues and expenditures for a given fiscal year. A budget amendment is used to increase or decrease revenue and expense appropriation amounts from the originally approved budget. Budget amendments must be approved in advance by the City Administrator and authorized by the City Council via Resolution. The budget amendment process ensures that expenditures made during the fiscal year are properly approved and supported by the Governing Body in accordance with State Statutes.

Staff proposes the following amendments to the FY22-23 budget for approval:

# Revenue Amendments - increase of \$899,697

 Rising interest rates on the City's long-term and liquid investments have resulted in a significant increase in revenue across all funds. When the FY22-23 budget was adopted, the average interest rate was around 1%. During the last seven months, the City has earned an average of 4.87% on its investments. Based on the current rate and federal predictions for 2023 we anticipate this revenue trend to continue.

## Expense Amendments

- Electric Fund
  - \$70,024 increase for the Y-Tex electrical expansion. Subdivision development fees collected to offset cost.
  - \$10,683 increase for the Schoonover electrical relocation. Subdivision development fees collected to offset cost.
  - \$13,602 increase for the Leonhardt electrical extension. Subdivision development fees collected to offset cost.
  - General Fund
    - \$30,000 increase for WAM convention expenses. Estimated \$15,000 in contribution revenue.
    - \$5,000 increase for the fireworks display funding.
    - o \$12,000 increase for repair costs to flood damage at the auditorium.
    - \$9,600 increase to purchase police servers for the law enforcement center per the agreement with Park County.

# AGENDA ITEM NO. _____

- \$30,916 increase for upgrades to the police department interview/interrogation room at the law enforcement center. Paid for with forfeiture funds. See attached memo.
- American Rescue Plan Fund
  - \$32,600 increase for the replacement of the sound system at the City Park band shell. This project has been previously approved by Resolution for ARPA funding.
  - (\$160,000) decrease for the disencumbrance of funds for the recreation center boiler replacement. An evaluation by a contractor has determined that the boilers are in good shape and do not need to be replaced. A recommendation for maintenance has been made and will be included in the operating budget for FY23-24.
- <u>Technology Replacement Fund</u>
  - \$30,000 increase for the purchase of an SQL server to facilitate the switch from a hosted environment to a client-server environment for the Caselle software program. The anticipated order date is by April 30, 2023.
- Budget Transfers asphalt and concrete crushing
  - o \$6,000 from the Water Fund to the General Fund
  - \$6,000 from the Electric Fund to the General Fund

An outline of necessary State, Federal, and Local permits for the proposed use and the status of those applications shall be provided by the applicant for the Planning and Zoning Board site plan review outlined in section <u>10-10F-9</u> of this article. Potential permits will typically relate to air quality, stormwater, and hazardous waste storage and handling. All such required permits shall be obtained prior to issuance of a certificate of occupancy, or as otherwise directed by the Planning and Zoning Board.

B. General site plan conditions and layout, including access and traffic flow (as related to public safety), commercial signage, parking, landscaping, lighting, site grading, stormwater facilities, and utilities. Consideration of adjacent uses shall be made in respect to the location of specific activities within the site, so as to reduce any potential conflicts from odors, dust, noise, vibration, glare, visual impacts, and stormwater runoff.
